OLD COURT HOUSE

Dental Practice

Terms & Conditions

Price Guide

Before or during treatment the dentist reserves the right to make fee alterations to estimates for example after X-ray findings or complication. The practice likes to offer patients written estimates ahead of the work being carried out. Please ask for one.

The above prices are based on using high quality dental materials and private dental laboratories.

The practice reserves the right to charge if an appointment is missed or cancelled with less than 24 hours notice for the dentist, 48 hours for the hygienist, 5 working days for appointments with a specialist or in a circumstance which leaves insufficient time for the appointment to be reallocated to another patient. We will endeavour to speak to you before cancellation charges will come into force.

General Terms

1. Payments are acceptable by Switch, credit card, personal cheque, cash or direct debit.
2. Payment is appreciated at the end of each visit (before leaving) for the care provided that day. If you are unsure whether there is a charge, please ask at reception before leaving.
3. Usually a written estimate can be produced within moments for a series of visits including invoices and receipts for any payments made.
4. Payment by invoice can be arranged with your dentist's prior consent, once you are an established patient of the practice.
5. Payment of such invoices is due within 10 days please.
6. If you have a complaint we definitely want to hear about it to put things right quickly, please speak to a manageress.

Thank you for your custom.
